

DRUG AND ALCOHOL TESTING OF COMMERCIAL MOTOR VEHICLE OPERATORS

Policy Code:

7241

The purposes of this policy are to help ensure the safe operation of school vehicles and to comply with federal law and regulations by establishing a comprehensive program for the drug and alcohol testing of school bus drivers and all other commercial motor vehicle operators employed by the board of education.

A. APPLICABILITY

This policy applies to any driver which, for purposes of this policy, is defined as any employee, volunteer or independent contractor whose duties for the board of education require a commercial driver's license under federal law. This includes anyone who regularly or intermittently drives a school bus, an activity bus, a vehicle designed to transport 16 or more people (including the driver) or any other vehicle that meets the definition of commercial motor vehicle under 49 C.F.R. 382.107. Employees who operate vehicles for inspection, service, or maintenance purposes are included in this definition.

B. PROHIBITED ACTS

No driver may:

1. operate any school bus or school activity bus while consuming alcohol or while alcohol remains in the driver's body, in violation of G.S. 20-138.2B;
2. use alcohol while performing safety-sensitive functions;
3. perform safety-sensitive functions within four hours after using alcohol;
4. use alcohol following an accident while operating a commercial motor vehicle;
5. report for or remain on duty requiring the performance of safety-sensitive functions when the driver uses any Schedule I drug or substance; or
6. report for or remain on duty requiring the performance of safety-sensitive functions when the driver uses any non-Schedule I drug or substance that is identified in the other federal schedules of controlled drugs, unless such use is pursuant to the instructions of a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that use of the substance will not adversely affect the driver's ability to safely operate a commercial motor vehicle.

Safety-sensitive functions include, but are not limited to, inspecting, servicing, or conditioning any commercial motor vehicle; operating any commercial motor vehicle; participating in or supervising the loading or unloading of a commercial motor vehicle; and repairing, obtaining assistance for or remaining in attendance upon a disabled vehicle.

In addition, drivers and anyone who supervises drivers must not commit any act prohibited by federal law, including the federal regulation entitled “Controlled Substances and Alcohol Use and Testing” (49 C.F.R. pt. 382, hereinafter referred to as Part 382), or by policy 7240, Drug-Free and Alcohol-Free Workplace.

C. TESTING

The human resources office will carry out pre-employment, post-accident, random, reasonable suspicion, return-to-duty and follow-up testing for drugs and alcohol as required by Part 382.

Federal regulations prohibit a driver who is tested under the provisions of this section and found to have an alcohol concentration of at least .02 from performing safety-sensitive functions for at least 24 hours following administration of the test. Drivers who are tested under the provisions of this section and found to have any alcohol in their system are subject to additional discipline under this policy, including dismissal.

D. EMPLOYEE AND APPLICANT INQUIRIES

All employees subject to this policy, all employees who would become subject to this policy by virtue of a change or expansion of duties, and all applicants who would be subject to this policy if employed by the board must consent in writing to the release of any information gathered pursuant to Part 382 by any previous employers and must give written or electronic consent to any query by school officials of the federal Commercial Driver’s License Drug and Alcohol Clearinghouse (“Clearinghouse”).

1. Pre-Employment Inquiry

Before employing any applicant subject to this policy, school officials shall obtain, pursuant to the applicant’s written consent, all records maintained by the applicant’s previous employer regarding violations of Part 382 in the three years prior to the inquiry date. School officials shall also conduct a query of the Clearinghouse, pursuant to the applicant’s electronic consent submitted through the Clearinghouse, to obtain any information regarding the applicant’s violations of Part 382.

If school officials obtain information from the applicant’s previous employer or from the Clearinghouse that the applicant committed a violation of Part 382 and has not subsequently completed the return-to-duty process required under federal law, the applicant may be disqualified from employment.

2. Annual Query

School officials shall conduct a limited query of the Clearinghouse at least once per year for each employee subject to this policy, pursuant to the employee’s written or electronic consent, to determine whether information exists about the employee

regarding violations of Part 382. If information exists about the employee, school officials shall obtain the information in the Clearinghouse within 24 hours of conducting the limited query, subject to the employee's electronic consent submitted through the Clearinghouse.

E. TRAINING AND EDUCATION

Each driver and supervisory employee, including principals and assistant principals, must be provided with educational materials that inform the employees of drug testing procedures, prohibited acts, consequences and other aspects of Part 382, this policy and any accompanying administrative procedures. The information also will identify a school system employee who is responsible for providing information on substance abuse. Each employee must sign a statement certifying his or her receipt of these materials.

Each supervisor who is responsible for overseeing the performance of drivers, including principals and assistant principals, must undergo at least one hour of training concerning alcohol misuse and one additional hour of training concerning drug abuse.

F. REFERRALS

Each driver who commits acts prohibited by Part 382 or G.S. 20-138.2B, other than provisions governing pre-employment testing, will be provided with information concerning resources available for evaluating and resolving drug or alcohol misuse. This information will include the names, addresses and telephone numbers of substance abuse professionals and counseling and treatment programs.

G. CONSEQUENCES

Employees who have committed a prohibited act; refused any test required by this policy; or otherwise violated this policy, G.S. 20-138.2B or Part 382 will be subject to disciplinary action, up to and including dismissal.

Any employee who has committed a violation of Part 382 will not be allowed to perform any safety-sensitive functions until the employee has completed the return-to-duty process, including an evaluation by a substance abuse professional, completion of any appropriate treatment designated by the substance abuse professional, and achievement of a negative return-to-duty test. Moreover, if the employee's violation of Part 382 has been reported to the Clearinghouse, the employee may not resume safety-sensitive functions until a query of the Clearinghouse demonstrates that the employee completed the return-to-duty process.

H. PROCEDURES

All procedures for collection and testing provided in the Federal Highway Administration's "Procedures for Transportation Workplace Drug and Alcohol Testing Programs" (49 C.F.R. pt. 40) and all requirements in Part 382, including testing, reporting, record retention, training and confidentiality, will be followed. Copies of these federal regulations

will be readily available. The superintendent shall develop any other procedures necessary to carry out these regulations.
