SROs should not have prior serious performance issues in their work history to include documented evidence of harassment, discrimination, improper use of force, or other serious performance issues in their work history that would make the officer inappropriate for performing duties as a SRO. In addition, SROs should have positive experience working with youth and/or in a school setting and should be willing and able to serve as mentors for students. TCS may provide feedback to TPD regarding SRO selection. TPD shall ensure that all SROs participate in an orientation process conducted in collaboration between TPD and TCS to provide an overview of the School Resource Officer Program and review TCS policies and procedures. TPD, in its sole discretion, shall have the power and authority to hire, discharge and discipline SROs. The school principal and superintendent or designee will be a part of the interview team which will make a recommendation to TPD regarding the appointment of new SROs. Substitute SROs shall be utilized, when possible, for extended leaves or absences. TPD shall hold the TCSBE free, harmless and indemnified from and against and all claims, suits or causes of action arising out of allegations of unfair or unlawful employment practices brought by SROs.

Each individual SRO shall be assigned to each regular middle and high school as listed below:

5. Chain of Command. The SRO is an employee of TPD and will follow established policies and procedures.

6. The SRO Supervisor will coordinate the daily activities of each assigned SRO. If the performance or working relationship is not to the principal's satisfaction, the principal will notify the SRO Supervisor and SRO Supervisor will remediate the SRO and if the problems persist, the SRO Supervisor will recommend to the Captain of the Division that the SRO be removed from the school or the SRO Division. If the SRO is removed from the school for any reason, TPD will have an obligation to replace that officer as soon as a suitable replacement is found. If the SRO is removed, a report of such removal shall be furnished to TPD and the TCSBE by the Captain of the Division.

3. SRO Orientation and On-going Guidance Sessions. TPD shall collaborate with TCS to host an orientation and on-going guidance sessions of SROs and school administrators to discuss issues relevant to the School Resource Officer Program and operations. TPD shall require all SROs to attend TCS or TPD orientations and guidance sessions designed for SROs that may occur periodically during the school year during the SRO regular duty hours, so long as the scheduling of the guidance sessions offered by TCS do not conflict with assignments from TPD. Such guidance sessions shall be designed to provide resources to SROs on topics relevant to the School Resource Officer Program, such as working with students with disabilities and special needs; student records and privacy issues; cultural competency and non-discriminatory administration of school discipline; positive behaviour interventions and supports; restorative justice and alternatives to incarceration programs; and mediation and conflict resolution processes with students. Repeated failure to attend TCS guidance sessions without a valid reason or proper notice may be grounds for the Superintendent to request removal of a SRO pursuant to **Article IV, Employment Status of School Resources Officer** herein.

4. SRO Work Schedule and Absences. When students are not in session in school for more than two (2) consecutive days, SROs will use appropriate procedures for utilizing sick leave, annual leave, or compensatory time. SROs may take accrued vacation time subject to the approval of the SRO Supervisor. TPD shall not utilize the SROs during the designated workday for duties other than set forth herein, except in emergency situations that necessitate removal of one or more SROs from their normal duties pursuant to the Agreement. In the event a SRO is temporarily unavailable

on campus due to training, illness, approved leave, court hearing, or other reasons, TPD shall provide a replacement officer, whenever possible. TPD agrees to use all reasonable efforts to prioritize the assignment of replacement officers at high school campus sites.

ARTICLE IV

Employment Status of the School Resource Officers; Suspension or Reassignment

Each individual SRO shall remain an employee of the Thomasville Police Department's Office, and shall not be an employee of the TCSBE. TPD shall provide their SROs with the same type benefits, equipment, supplies, and training as that provided to their regularly employed law enforcement officers.

If, in the discretion of the school principal, a SRO is not effectively performing his or her duties or responsibilities, and/or receives a complaint from a staff member, student or parent about actions of the SRO, the principal should report concerns to the SRO Supervisor to address the performance concerns. In the event concerns continue or persist, the principal or designee shall recommend to the Superintendent that the SRO be removed from the program and shall state the reasons in writing. After receiving the recommendation from the principal, the Superintendent or his/her designee, if s/he agrees, shall advise TPD of the request. TPD shall contact the Superintendent of his/her designee and shall agree to remove the SRO from serving TCS if, upon review by TPD, there is verifiable, documented evidence of on-going performance issues that has persisted despite the SRO being provided notice and an opportunity to improve.

In addition, if the principal documents SRO misconduct that threatens the health or safety of students or staff, TCS will immediately notify the SRO Supervisor and provide copies of such documentation, and TPD shall promptly remove the SRO from serving TCS until the completion of TPD's review of the misconduct, consistent with TPD's policies and ordinances and this agreement.

In the event of the resignation, dismissal, removal or reassignment of an SRO, TPD shall provide a replacement for the SRO within a reasonable period of time, to be discussed between the parties when a vacancy occurs. During such interim period, as much as reasonably possible, TPD shall assign an alternate law enforcement officer temporarily to carry out the duties of the SRO until a replacement can be secured.

Notwithstanding the foregoing, nothing in this agreement shall prohibit the Superintendent from preventing the access of any individual, including any assigned SRO, to TCSBE property if the Superintendent determines it is in the best interest of the health and safety of TCS students. Likewise, TPD reserves the right to suspend a SRO from duty with TCS. During any period of suspension under this section, TPD shall provide a replacement SRO pursuant to Article III, Section 4 herein.

ARTICLE V

TPD Expectations of the SRO While Serving on Campus

1. SRO Work Hours, Uniforms and Visibility on Campus. In the event any SRO is absent from work, the SRO shall notify both his/her supervisor in TPD and the principal of the school to which the SRO is assigned. SRO will be available on days school is in session for students from 7:30 am until 3:30 pm and will be available for crisis and potential violent situations that may arise after school, at nights, and on weekends. The SRO will obtain authorization from the SRO Supervisor prior to working past 3:30 pm on school days, nights, and weekends. The SRO shall remain on the school grounds during normal school hours, except when necessary to attend to a law enforcement emergency, to attend any meetings or trainings described in this Agreement, or on limited occasions to attend to official law enforcement business off-campus. With the exception of emergency situations out of the SRO's control, the SRO shall give the SRO Supervisor and principal or designee reasonable advance notice of any times when the SRO is not expected to be on campus during normal school hours, and TPD will provide replacement officers to the extent possible in accordance with Article II, Section 6, of this Agreement. The SRO shall wear the official law enforcement uniform or other apparel issued by TPD at all times while serving on TCSBE.

2. SRO Mentoring and Outreach. Each SRO shall conduct himself or herself as a role model at all times and in all facets of the job; shall seek to establish a strong rapport with staff, faculty, students, and others associated with the school; and shall encourage students to develop positive attitudes towards the school, education, law enforcement officers, and positive living in general.

a. Interaction with parent and faculty groups. The SRO shall be strongly encouraged to attend meetings of parent and faculty groups to solicit their support and understanding of the School Resource Officer Program and to promote awareness of law enforcement functions during the SRO's regular duty hours.

b. Information on community resources. The SRO shall be familiar with community agencies that offer assistance to youths and their families, including but not limited to mental health clinics and drug treatment centers, and shall provide information on such agencies to students, parents, and/or school administrators when appropriate. In addition, the SRO shall provide information to the school principal, students, and parents regarding additional resources offered by community agencies providing afterschool and summer programs and opportunities for youth.

3. Law Enforcement Actions and Safety Interventions. The SRO may initiate appropriate law enforcement actions to address criminal matters, including matters that threaten the safety and security of the school or its occupants, and/or intervene with staff or students (with or without a referral from school staff) when necessary to ensure the immediate safety of persons in the school environment in light of an actual or imminent threat to health or safety. Any such intervention shall be reasonably calculated to protect the physical safety of members within the school community, while minimizing, to the extent possible, any unintended negative effects on students. All law enforcement actions and interventions to protect the safety of others shall be consistent with all applicable laws, regulations, and policies. Use of force may be implemented pursuant to TPD procedures and protocol as well as all applicable laws, if objectively reasonable based on the totality of the circumstances and shall not be excessive, arbitrary, or malicious. The SRO also shall, whenever possible, advise the principal before requesting additional law enforcement assistance on campus and shall request such assistance only when necessary to protect the safety or security of those present on the school campus.

- a. Investigations and Arrests. Criminal investigations and arrests by SROs will be conducted in accordance with all applicable legal requirements, including all applicable laws, regulations, and policies governing the use of force, interrogations, searches, and arrests. The SRO shall promptly notify appropriate school authorities whenever a SRO asks a student questions of an investigative nature or takes any direct law enforcement action against a student; however, notifications may be withheld until deemed appropriate by the SRO if such notification would endanger a student or any other person or compromise an on-going criminal investigation. The appropriate school authorities shall promptly notify the parent(s) or guardian of any student suspended of criminal wrongdoing, whenever a SRO asks a student questions of an investigative nature or takes any direct action against any student suspected of criminal wrongdoing. SROs and school administrators shall collaborate and determine how such notice should be given in each individual circumstance. SROs shall comply with Miranda and juvenile Miranda rules whenever applicable in the course of questioning individuals suspected of criminal wrongdoing. If a SRO questions, searches, or arrests a student at school, all reasonable efforts will be made to remove the student from other students and bystanders or otherwise to not bring undue attention to the student.
- b. Searches. SROs shall be aware of and comply with all laws and standards regarding searches of persons and property while performing services pursuant to this agreement. In particular, SROs shall be aware of the differing standards governing searches by law enforcement officers for law enforcement purposes as compared with searches by school administrators in connection with student discipline. At no time shall any SRO request that any TCS employee lead or conduct a search of a student for law enforcement purposes.
- c. Interrogations. In cases where the parent(s) or guardian cannot be reached and any questioning of a student is conducted without parental notification, the school principal or designee must be present during the questioning unless the SRO directs otherwise for safety or investigative reasons. Presence of the principal/designee does not in any way impact the SRO's duty, if applicable in the situation, to comply with the students Miranda or juvenile Miranda rights. At no time shall the SRO request that any TCS employee act as an agent of the SRO or law enforcement in any interrogation.
- d. Non-school Investigations. The SRO shall refrain from questioning students at school regarding non-school related matters unless the SRO has a warrant or unless questioning, searching or arresting a student on school property at that time is necessary, in the discretion of the SRO, for the success of a law enforcement investigation or to prevent injury or crime.

4. School Discipline. The school administrator shall be solely responsible for implementing the student Code of Conduct and discipline policies. The school administration, not the SRO, has primary responsibility for maintaining order in the school environment and for investigating and responding to school disciplinary matters. The SRO shall refer any reports or concerns relating to student discipline to the principal or designee and shall not independently investigate or administer consequences for violations of the Student Code of Conduct or any school disciplinary rules. The SRO should generally not have any further involvement in routine disciplinary matters such as tardiness, loitering, noncompliance, the use of inappropriate language, dress code violations, minor classroom disruptions, and disrespectful behaviours and other similar minor infractions of school rules. School

officials shall only request SRO assistance when necessary to protect the physical safety of staff, students, or others in the school environment.

- a. Searches. The SRO shall not conduct or participate in searches of students or their belongings in school disciplinary investigations, unless their assistance is requested by school personnel to maintain a safe and secure school environment.
- b. Interrogations. The SRO will not be involved in questioning of students initiated and conducted by school personnel in disciplinary matters unless requested by the school personnel to maintain a safe and secure school environment. If the SRO's presence is requested under these circumstances, the SRO shall confine his or her involvement to what is reasonably necessary to protect the safety and security of members of the school community and shall not lead the investigation or actively question students.

5. Joint Law Enforcement and School Discipline Investigations. In cases where school disciplinary investigations and law enforcement investigations into criminal activity overlap and relate to matters affecting health or safety, it may be appropriate for school administrators and SROs to work in tandem. In such events, the criminal investigation takes precedence over school disciplinary issues. In such circumstances, the SRO shall be mindful of and clarify his or her role as a law enforcement officer conducting a law enforcement investigation when interviewing student witnesses, particularly students suspected of criminal wrongdoing. The SRO shall also adhere to all appropriate laws and standards governing law enforcement investigations and not assume that laws and standards that govern school disciplinary investigations will also apply to him or her in the course of conducting a criminal investigation.

6. Confidentiality; Access to Student Records. The SRO shall comply with all applicable laws, regulations, and TCSBE policies, including but not limited to laws, regulations and policies regarding access to confidential student records, provided that SROs shall under no circumstances be required or expected to act in a manner inconsistent with their duties as law enforcement officers. The SRO may have access to confidential student records or to any personally identifiable information of a TCS student as defined in 34 CFR 99.3, only to the extent allowed under the Family Educational Rights and Privacy Act (FERPA) and applicable TCSBE policies and procedures. SROs shall not automatically have access to confidential student records or personally identifiable information in those records simply because they are conducting a criminal investigation involving a student or for general non-specific purpose. School officials may, however, share relevant confidential student records and personally identifiable information contained in those records with SROs under any of the following circumstances:

- a. The SRO is acting as a "school official" (as it relates to accessing student records) as defined in 34 CFR 99.31 because he or she is exercising a function that would otherwise be performed by school personnel and has legitimate educational interests in the information to be disclosed. For example, a SRO may be authorized to review the Behavior Intervention Plan of a student with a disability if the principal or designee has requested the SRO's assistance in deescalating physical conflicts and ensuring the physical safety of the student and others when the student becomes involved in interpersonal conflicts.
- b. The SRO has written consent from a parent or eligible student to review the records or information in question.

- c. The principal or designee reasonably determines that disclosure to the SRO without parental consent is necessary in light of a significant and articulable threat to one or more person's health or safety.
- d. The disclosure is made pursuant to a valid subpoena or court order, provided that advance notice of compliance is provided to the parent or eligible student so that they may seek protective action from the court, unless the court has ordered the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed.
- e. The information disclosed is "directory information" as defined by TCSBE Policy 6.14, and the parent or eligible student has not opted out of the disclosure of directory information.
- f. The disclosure is otherwise authorized under FERPA, its implementing regulations, and applicable TCS policies and procedures.

7. Communication between SROs and Principals. The SRO is expected to meet with the school principal and members of the administrative team designated by the principal on a regular basis, both formally and informally, to discuss school safety concerns, duties and responsibilities.

8. Development of School Safety Plans. The SRO shall report any safety concerns to the school principal and or designee and shall confer with the school principal to develop plans and strategies to prevent and/or minimize dangerous situations on or near the campus or involving students at school-related activities. The school principal will contact any other school system personnel who should be involved in these discussions.

9. SRO Orientation, Annual SRO Summit and On-going Guidance Sessions. The SRO shall attend all orientations, meetings, summits, and information and guidance sessions scheduled during the SRO's regular duty hours as requested by TPD and/or TCS in accordance with Article III, Paragraph 3 herein.

ARTICLE VI
Duties of TPD and TCS

1. Provision of Office Space and Access to School Community. The TCSBE, Superintendent, and school principals agree to provide to each full-time SRO:

- a. Access to suitable accommodation at the school, which shall include a lockable room with limited access, telephone, desk, chair, computer and filing cabinet;
- b. A radio for use on campus;
- c. Keys to the assigned school; and
- d. Reasonable opportunity to address students, teachers, school administrators, and parents about criminal justice, safety, and security issues relating to school-aged students.

2. Referrals to the SRO. Maintaining order in the school environment and investigating and responding to school discipline matters shall be the responsibility of the school administration.

School administrators are expected to adhere to the student discipline procedures outlined in applicable state and federal law and Board policies. TCS shall refrain from involving the SRO in the response to student disciplinary incidents and the enforcement of disciplinary rules that do not constitute violations of law, except when necessary to support staff in maintaining a safe school environment. TCS shall provide training to school administrators regarding the role of the SRO and the appropriate involvement of the SRO in student matters that pose a threat to the safe school environment, at least on an annual basis. Such trainings shall include information on how to distinguish between the disciplinary infractions appropriately handled by school officials versus threats to school safety that warrant a referral to law enforcement.

3. Communications between SROs and Principals. School principals are expected to meet with SROs on a regular basis, both formally and informally, to discuss school safety concerns, duties and responsibilities. The TCSBE authorizes principals to report any crimes that occur on campus to the assigned SRO in compliance with all applicable state laws and TCSBE policies that require school officials to report criminal acts occurring on school grounds to law enforcement.

4. SRO Orientation, Annual SRO Summit and On-going Guidance Session. TCS shall coordinate an orientation for SROs to discuss an overview of the School Resource Officer Program and review TCS policies and procedures. TCS also shall host, in collaboration with TPD an annual summit of SROs and school administrators to discuss issues relevant to the School Resource Officer Program and operations. At least one administrator from each school with an assigned SRO shall attend the summit. In addition, TCS shall offer additional guidance sessions and resources to SROs on topics relevant to the School Resource Officer Program that may occur periodically during the school year, such as working with students with disabilities and special needs; student records and privacy issues; cultural competency and non-discriminatory administration of school discipline; positive behavior interventions and supports; restorative justice and alternatives to incarceration programs; and mediation and conflict resolution processes with students.

5. Data Collection and Reporting. TCS working in conjunction with SROs, shall maintain data listed in **Article III, Section 6** herein and other data on school-based discipline referrals that result in involvement with a SRO and/or law enforcement and review such data on an annual basis, including but not limited to the following information:

- a. The name of the staff member taking the referral;
- b. Detailed information to explain the circumstances that led to the referral, including a description of the conduct and the setting;
- c. The name of the SRO or other law enforcement involved and any actions taken in the response to the incident;
- d. Names and roles of school staff members involved in the response to the incident;
- e. The date of the referral;
- f. The name, race, ethnicity, sex, age, disability status, English Language Learner (ELL) status, and grade level of the students being referred and all other students involved in the incident;
- g. Whether the referral to law enforcement was mandatory under G.S. 115C-228(g); and
- h. A summary of the actions taken as a result of the incident (e.g. based upon the school administrator's knowledge, whether the student was questioned, searched or arrested on campus by law enforcement).

In addition, principals are expected to maintain documentation of all notifications received pursuant to G.S. 7B-3101 regarding juveniles who are alleged or found to be delinquent and shall preserve the confidentiality of such documentation In accordance with G.S. 115C-404.

6. Review of SRO Program. The Superintendent or his/her designee shall collect feedback from principals at least annually regarding the SRO program and provide feedback to TPD regarding the SRO program and the performance of SROs on an annual basis.

ARTICLE VII Miscellaneous Provisions

1. Sex Offender Registry Checks. The parties acknowledge that the requirements of G.S. 115C-332.1 apply to this Agreement. TPD shall conduct an annual check of all sworn law enforcement officers assigned as SROs on the North Carolina Sex Offender and Public Protection Registration Program, the North Carolina Sexually Violent Predator Registration Program, and the National Sex Offender Registry.
