# Mental Health in Public Schools

*World Teen Mental Health Day is March 2, 2022*

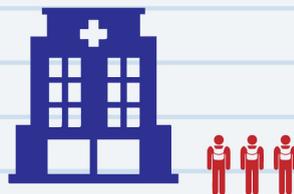

On average, in public school systems that have them, there is 1 counselor for every **500 students** and 1 school psychologist for every **1,400 students**.

1 in 5 (5 million) of the 50 million students in public schools display signs of a mental health issue.

As many as **80%** of those 5 million students do not receive any mental health treatment.

Hospital visits for suicide attempts, suicidal ideation, and self-harm increased **151%** for kids ages 10-14
