What is Paper?

Paper provides schools with unlimited access to a variety of services through a device-agnostic, secure, Educational Support System (ESS). With Paper, students receive Unlimited 24/7 One-on-one Tutoring for all subjects, delivered by a live educator through Paper's Classroom in both English and Spanish.

Each online educator is a Paper Employee who is trained in the Socratic teaching method and undergoes a criminal background check prior to employment. Paper also provides students with Essay Review, where students can upload any piece of written work and receive an annotated version of their work within twenty-four hours.

All student activity on Paper is recorded, tracked, and made readily available to school teachers and administrators. This equips teachers with Transparent Insights on how their students are learning outside the classroom and helps educators personalize their instruction.

Paper's Student Success team works closely with each and every partner school to understand the specific needs and goals at each site. Through professional development, student orientations, and much more, Paper ensures that schools are excited and ready to level the playing field for all.
