

Policy Code: 3621 Suspensions from Athletic and Extra-Curricular Activities upon Charge of a Crime

Participation in athletics and extra-curricular activities is a privilege, not a right. Students who participate in athletics and extra-curricular activities choose to do so, and as a result, those students are expected to make many proper choices as they represent themselves, their families, their school, and their community at all times, not just on the field of competition. A student's eligibility to participate in athletics and extra-curricular activities is dependent upon compliance with all applicable board policies, rules and regulations. This policy shall apply to both on and off campus behavior.

A. Felonies

Therefore, notwithstanding any other board of education policy, any student who is charged with a crime classified as a felony under North Carolina or federal law or alleged to be delinquent for an offense that would be a felony if committed by an adult, shall immediately be ineligible to participate on a school athletic team/extra-curricular activities for a period of 180 school days. In the event the criminal charges or allegation of delinquency are dismissed, or the student is found not guilty, said student shall be fully reinstated to athletic and/or extra-curricular activities immediately. Additionally, in the event the student actively participates in a mentoring or support treatment program as recommended and/or approved by the superintendent, or designee, and the student remains in good academic and disciplinary standing during the term of the days of ineligibility, including, but not limited to, minimum disciplinary referrals, the 180 school days of suspension shall be reduced to 90 school days.

Pursuant to the North Carolina High School Athletic Association ("NCHSAA") any student who (1) is convicted of a crime classified as a felony under North Carolina or Federal law; or (2) or is adjudicated delinquent ("convicted" in juvenile court) for an offense that would be a felony if committed by an adult is not eligible to participate on a school athletic team from the date of conviction or adjudication of delinquency through the end of the student's high school career. In a similar manner, a middle school student will be declared ineligible for athletic participation through the end of his/her middle school career and will be subject to review by the superintendent or principal for reinstatement of eligibility for such activities upon entering high school.

B. Misdemeanors

Therefore, notwithstanding any other board of education policy, any student who is charged with a crime classified as a misdemeanor under North Carolina or federal law or alleged to be delinquent for an offense that would be a misdemeanor if committed by an adult, shall immediately be ineligible to participate on a school athletic team/extra-curricular activities as set forth below:

Class 3 Misdemeanor	15 school days
Class 2 Misdemeanor	30 school days
Class 1 Misdemeanor	45 school days

Class A1 Misdemeanor

60 school days

In the event the criminal charges or allegation of delinquency are dismissed, or the student is found not guilty, said student shall be fully reinstated to athletic and/or extra-curricular activities immediately.

C. General Rules

If a student's athletic or extra-curricular suspension occurs such that the time period of suspension cannot be served to completion during the current school year, any days of suspension remaining at the end of the current school year shall be served at the beginning of the next school year. Students who participate in athletics or extra-curricular activities can apply actual practice and game dates when school is not in session towards their suspension period. Students suspended from athletics/extra-curricular activities are prohibited from involvement in any team/club practices, games or similar activities during the suspension period.

If a student's athletic or extra-curricular suspension occurs such that the time period of suspension cannot be served to completion during the current athletic or extra-curricular season, any days of suspension remaining at the end of the current athletic or extra-curricular season shall be served at the beginning of the next athletic or extra-curricular season and it shall be in the coach's or faculty sponsor's sole discretion to allow the student to return to the athletic team/extra-curricular activity mid-season once the days of suspension have been served.

In the event a student is charged with multiple offenses on the same day or as a result of the same event, said student will receive a period of suspension based on the highest level of criminal charge for which the student is charged. (Example: if a student is charged with a Class 3 misdemeanor and Class 1 misdemeanor, the days of suspension shall be 45 school days.)

Any subsequent criminal charges filed against the student will result in additional days of suspension consistent with this policy, in addition to any days of suspension previously imposed. (Example: if a student is charged with a Class 1 misdemeanor and receives a 45 school day suspension and the student is subsequently charged with a Class 3 misdemeanor for an unrelated incident, said student will receive an additional 15 school days of suspension.) All days of suspension shall be served consecutively as opposed to concurrently.

Transferring from one school to another does not relieve the student from the consequences for a violation of this rule. Should a student choose to transfer outside of the Thomasville City Schools, the designated school administrator or the school athletic director will contact the new school to inform them of the violation and the resulting penalty. The Thomasville City Schools may also honor the activity consequences from other private or public school systems.

This policy shall apply year round, 365 days a year, including but not limited to between semesters and during the summer break in the school calendar.

The board of education delegates to the superintendent the authority to act in circumstances in which the board has not provided policy statements to guide

administration action or in the case of extraordinary circumstances. The superintendent shall render a decision subject to final approval by the board of education.

Any student who is deemed ineligible for athletics or extra-curricular activities pursuant to this policy may request an appeal to the superintendent pursuant to and consistent with policy 1740/4010, Student and Parent Grievance Procedures. Any final administrative decision made pursuant to this policy may be appealed pursuant to [N.C.G.S. 115C-45](#).
