- Trauma Surgeon

COVID-19 CERTIFICATIONS

SRS has all the
certifications
when it comes
to mitigating
the spread of
the virus that
causes
COVID-19!

James LeBlance
Director of Infection Control &
Prevention Services

OUR APPROACH

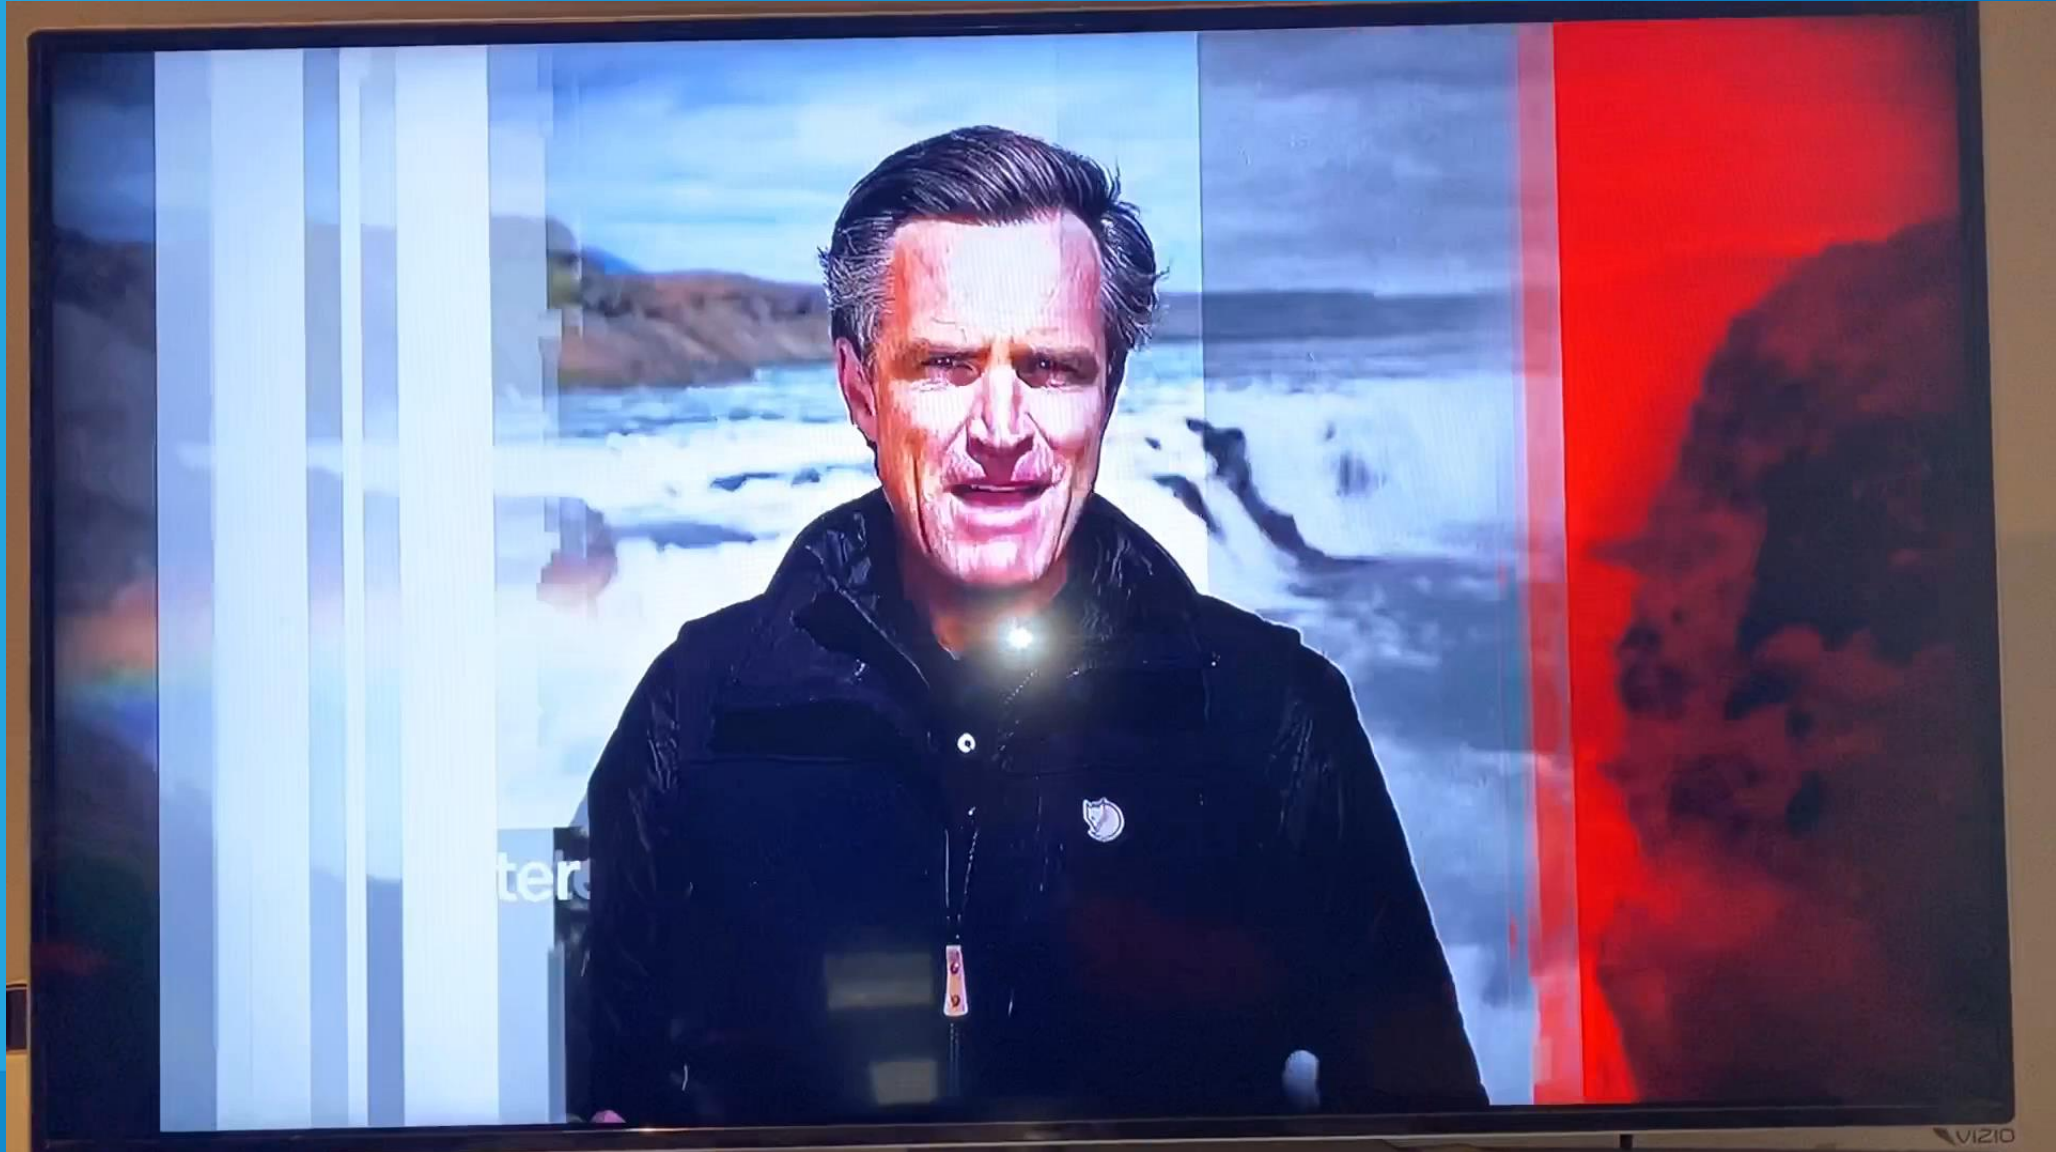

If you control your environment you can control the spread of the virus!

SRS understands your concerns regarding a protective approach for reopening. We take a **PROACTIVE** approach and not a REACTIVE approach because the virus **IS HERE TO STAY!**

SRS's number one goal is to educate our customers on the importance of protocols, **backed by science** and **medicine**, that help mitigate the spread of the virus in your facility. All of our products are **EPA** and **FDA** approved.

SRS can help by providing following COVID-19 infection prevention and control systems:

- ✓ Proguardeum
- ✓ Temperature & Facial Recognition Tablet
- ✓ Proactive Air & Surface Purification System
- ✓ Hand Sanitizing Stations
- ✓ Walk thru Disinfection Station
- ✓ COVID-19 RNA Testing (Building)
- ✓ AB Rapid Testing (Individuals)
- ✓ Disinfectant Door Mat
- ✓ COVID-19 Educational/Certification Training
- ✓ COVID-19 Health & Safety Policies & Protocols

PROGUARDEUM™
COVID-19 DISINFECTION
& CLEANING SERVICES SPECS

PROGUARDEUM™

- ✓ EPA Registered and Approve Disinfectant

PERSONAL PROTECTIVE EQUIPMENT (PPE) & MAINTENANCE

EPA REGISTERED APPROVED, CENTER FOR DISEASE CONTROL GUIDELINES

EMERGENCY RESPONSE

CERTIFIED CLEANING & DISINFECTING SERVICE

Our Team of IICRC (Institute of Inspection Cleaning & Restoration Certification) Technicians adhere to OSHA regulations that follow recommended CDC guidelines and certified practices during our cleaning and disinfecting process. Coronavirus (COVID-19) is still a concern so we continually consult with the Centers for Disease Control & Prevention for up-to-date solutions and only utilize EPA approved disinfectants.

We use CDC and EPA approved industrial strength disinfectants with a broad spectrum kill claim.

All infected materials are cleaned, disinfected, and properly disposed of as biohazard waste.

We adhere to CDC recommendations during our coronavirus demobilization processes.
