

Thomasville City Schools' Strategic Plan Update

Focus Area 3: Operational **Unity**

Students and staff have access to up-to-date technology and resources which align with and support quality learning, work, and communication across the district and with key stakeholders— in Thomasville City Schools, we operate effectively, efficiently, inclusively, and with transparency.

Goal 1:

Thomasville City Schools will provide multiple channels of communication with families and community stakeholders to engage and inform in a timely manner

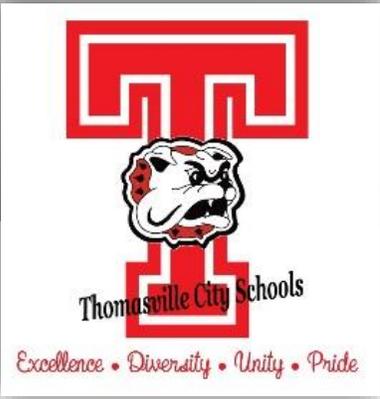

TCS has...

- online enrollment system for parents (Scribbles)
- updated district & school website designs
- increased methods of communication with internal and external stakeholders

TCS will...

- explore a district app for streamlining communications & information
- consolidate school subscription resources into district accounts
- create additional parent/community content and learning opportunities regarding digital safety

Goal 2:

Thomasville City Schools will create student digital citizens through technology-rich personalized learning opportunities

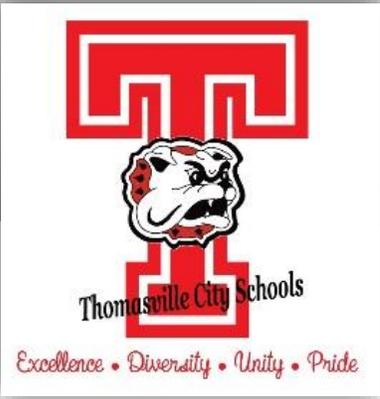

TCS has...

- provided all students in grades K-12 with access to a chromebook in their classroom
- upgraded 135 classrooms with the Promethean ActivPanels
- conducted professional development about personalized learning and digital citizenship by media coordinators & teachers

TCS will...

- determine additional spaces where Promethean ActivPanel learning environments are still needed
- provide additional professional learning during the SNAPShots series of Professional Development by TCS Staff

Goal 3:

Thomasville City Schools will engage all staff in training opportunities to improve operations to be more efficient, effective, inclusive, and transparent

TCS has...

- Implemented a single sign on platform for ease of login for students & staff
- upgraded copier/printing functionality
- upgraded many staff devices

TCS will...

- Provide additional professional learning for classified and certified staff
- explore digital badging & micro-credentialing platform
- upgrade business systems in Human Resources & Finance to reflect modernization efforts
