# Excellence without Excuses

Project Lead The Way provides transformative learning experiences for PreK-12 students and teachers across the U.S. We create an engaging, hands-on classroom environment and empower students to develop in-demand knowledge and skills they need to thrive. We also provide teachers with the training, resources, and support they need to engage students in real-world learning.

# Excellence without Excuses

## Tiny House Project

Your challenge is to

- Design a tiny home.
- It must be made into a living space for a family of 3-4.
- The house must have places for each of the people to sleep. (Not necessarily have a room to themselves.)
- The house must have a bathroom with a shower and toilet.
- It must have a place to cook meals. Home must be a 20ft x 25ft perimeter.

The house can only be 1' at its highest point 2' at its widest point.

# Communities In Schools United with the Thomasville Middle School Football Program 2019
